DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-5, 8, 16-19, drawn to a shortened chain 2'-5' polynucleotide.

Group II, claim(s) 6 and 14, drawn to a method for preparing Invention I using temperature in the range of 20-110C to shorten the chain.

Group III, claim(s) 7 and 15, drawn to a method for preparing Invention I using phosphodiesterase to shorten the chain.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the three Groups are linked by shortened chain 2'-5' polynucleotides. However, 2'-5' polynucleotides were known in the art at the time of invention (see US Patent 5,298,614, cited as an "X" reference against claims 1-8 in the published international search report). Therefore, there is no special technical feature linking the Groups and restriction is proper.

3. A telephone call was made to Eugene Rzucidlo on January 31, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 1635

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Eric Angell whose telephone number is (703) 605-1165. The examiner can normally be reached on M-F (8:00-4:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John L. LeGuyader can be reached on (703) 308-0447.
